RECORD BREAKING RUN - Ray Mitsuing of Loon Lake, Saskatchewan charges down the home stretch Sunday with his Coneco Equipment chuckwagon to set a new track record at the Dewberry race meet of the Canadian Professional Chuckwagon Association. Mitsuing shaved a mere one-hundredth of a second off the record time set last year by hometown wagoneer Buddy Bensmiller. Mitsuing's winning time was 1:07.59, and helped him to earn the Dewberry Championship trophy for this year. More about the wagons on Page 3.

Canada Day plans shaping up

Plans for Elk Point's Canada Day celebration are shaping up for an exciting and entertaining weekend for the whole family.

Canada Day will, as usual, kick off with the Chamber of Commerce Pancake Breakfast, with musical entertainment by Kyle Jones and his group.

The Lions Club Parade is scheduled for noon, and will feature the Cold Lake Canadian Forces Band. Another big contest for decorated bicycles is on the agenda, and has an ever-growing list of prizes for the youngsters, to be awarded following the parade. Judging will be done in two age categories.

The parade itself will consist of the usual nine categories, with the Canada Day Theme for this year being "We Remember." Other categories will include Horses and Riders, Commercial Floats, Industrial Floats, Adult Clubs and Organizations, Youth Clubs and Organizations, Antique Vehicles, and Individual Free Style.

The afternoon stage show will take place in the A. G. Ross Arena, so no fear of sunburn or getting rained on. Entertainment starting at 2:30 p.m. will include the Vegreville Ukrainian Dancers and Elk Point's own Travis Pankiw. For the youngsters, a special feature will be a

visit from Crackers the Clown, who will be on hand from 2:00 to 4:00 p.m.

A hot meal featuring barbecued beef, potato salad and all the trimmings will be available at the arena from 1 p.m. on into the evening, as well as the regular concession menu.

Following the stage show, the action will move to the Fairgrounds, for the Elk Point Lions Invitational Powerpull '95, featuring 2-wheel-drive and 4-wheel-drive pickups and modified tractors in intense competition. This two-day show will go July 1 at 5:30 p.m. and continue on Sunday, July 2 at 1:30 p.m.

Saturday evening will wind up with the Canada Day Beerfest, with dancing to the Grant West Band from 9 p.m. until 2 a.m.

A fireworks show is scheduled for approximately 11 p.m., for a colorful birthday salute to our country.

The Canada Day celebrations will come to a close Sunday evening, with the Gospel Concert at 7 p.m. in the Elementary School. Featured guests will be gospel singers Ken and Mildred Jackson from Calgary, who will entertain along with a lengthy lineup of local singers in this very special part of the annual event.

Watch for final details in next week's issue.

Lack of community support hurting A. G. Ross Arena

By Donna Bassett

Arena Operating Committee

As most people in the Elk Point area are aware, the A. G. Ross Arena has been run by volunteers for many years under the guidance of the Elk Point and District Agricultural Society. For the past two years a subcommittee, the A. G. Ross Arena Operating Committee, has been managing the arena, again with volunteers doing the planning and fundraising. On May 17, 1995 the Annual General Meeting of the Operating Committee had to be postponed due to the low turnout. While plans for the Canada Day festivities to be held in the arena are ongoing, it is impossible to plan any activities for the fall and winter season, including hockey or skating, if more representation is not seen from the user groups and the community. The Operating Committee has been manned by the same volunteers for two years and it is felt that more help is needed to ensure that the doors will open in October for winter sports. The helpers at the fundraising events have been great at turning out and doing their bit but we need people to come to the meetings and help with the planning of the events.

We need people with fresh, innovative ideas that will help our arena to continue to operate. We need people willing to take some responsibility for their children's continued participation in hockey or figure skating. We need people from the community who take pride in the great facility the A. G. Ross Arena has become. Our arena is the envy of many towns all over Alberta and we want to make sure the doors don't stay locked due to a lack of participation. For the first time in two decades Elk Point hosted and won a Provincial Hockey Championship. Some of the most exciting hockey we've ever seen was played here and we need to make sure that this town will be able to continue to host Provincial Championships. The whole town benefits from the influx of hockey teams throughout the winter. Many out-of-towners have commented on the friendly merchants and restaurateurs.

The Annual General Meeting of the A. G. Ross Arena Operating Committee has been rescheduled for 7:00 p.m. on June 20, 1995 at the arena. Please circle the date on your calendars and make a point of attending. Volunteering does take some of your time but the children of the Elk Point area are well worth it.

Chamber getting ready for summer

Elk Point Chamber of Commerce is starting to wind down for summer, with one more meeting, on Wednesday, June 21, to go before the two month recess.

The June 7 meeting heard a report on the Happy Daze Car Show the previous Saturday. John Vandenburg of the Merchants' Committee said that an informal survey had deemed the event very favor-

able and "something we can build on. Business was definitely up." He noticed lots of younger families and a large number of people in general attending the event.

The Tourism committee is gearing up for their busy time of year. It was decided to install a telephone in the Tourist Booth, to make it more convenient for the attendant to

Local winner in car draw

Jordan Pelech of Lindbergh was somewhat sceptical on June 9 when she was awakened by a phone call informing her that she had won a new car. However, once she had determined that the call was no prank, her mood changed to one of shocked amazement.

The win came as a result of filling in the form on a scratch-and-win coupon during a recent promotion at Capitol IDA Drugs in Elk Point. Jordan's name was drawn from approximately 10,000 entries. She picked up the car, a Chrysler Cirrus LX, loaded with extras, at Crosstown Dodge in Edmonton on Tuesday, June 13.

The lucky lady was asked how she had managed to win a car, and answered "All I did was buy shampoo and deodorant!"

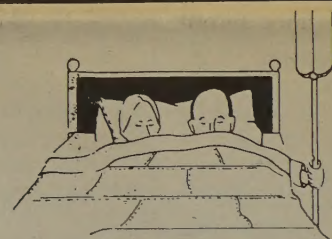

NEAT NEW WHEELS - Jordan Pelech declined her mother's tongue-in-cheek suggestion that she trade in her new Chrysler Cirrus on a mother-daughter pair of lower priced cars, and was even more sure of her decision once she saw the gleaming beauty she now calls her own. Congratulations and happy motoring!

obtain information and also to handle phone-in inquiries. A survey of the number of tourists visiting the booth on each day of the week will be made using last year's statistics, to determine if the booth's closure on Mondays and Tuesdays is most effective. No grant was available to fund the additional two days for this season.

The Chamber will be hosting the annual Canada Day Pancake Breakfast on July 1, and hopes all members will volunteer their services to help out for a part of the morning. The more helpers on hand, the less work for each to do.

The Hard Luck Driver award, co-sponsored by Dewberry Cafe, W & M Farming, Irish Creek Charolais, and Vern Gunderson Memorial, went to Lionel Peyachew, whose horses piled up in the infield during the first race.

The race meet was very well attended, with attendance of over 2800 people enjoying the action.

In addition to 16 heats of racing each day, the weekend included a dance Saturday night, a pancake breakfast and outdoor church service Sunday morning, a heavy horse pull, a hilarious wild pig catch and pony races. The Lea Park Riders provided a colorful grand entry to start off the wagon performances.

Retirement

By John Drobot

Stoney Lake Cowboy Poet

What does it mean when it's time to retire?
Is it time to sit home and rest by the fire?
Is it sitting and rocking the hours away?
Or staying in bed a bit later each day?
It's all of these things plus many more.
There are thousands of roads in Alberta to explore.

It can be a time for you and your wife
To seek new adventures and start a new life.
Think of the things you wanted to do,
But only find time to do just a few.
There are no restrictions on what you take,
To try only one path would be a mistake.
So climb every mountain, explore every cave,
And you'll be Father Time's master and never his slave.

TIC Talk

By Sherry Pelech

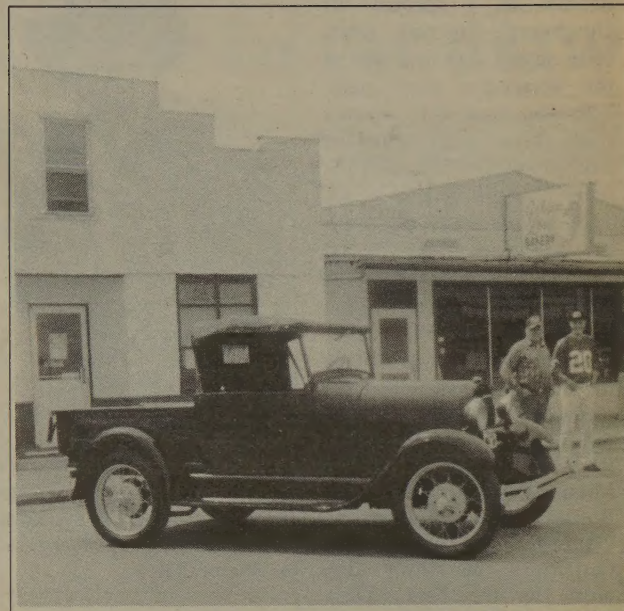

Tourist Information Clerk

We are happy to report that, here at the Tourist Information Centre (TIC) we have joined the 20th Century. We have acquired a telephone! It was installed Wednesday with a minimum of fuss and muss. The telephone man drilled a hole, strung a wire, put an outlet on the wall, hung a phone and checked that it was working. Then he went away and we waited impatiently for our first call. And waited! and waited!

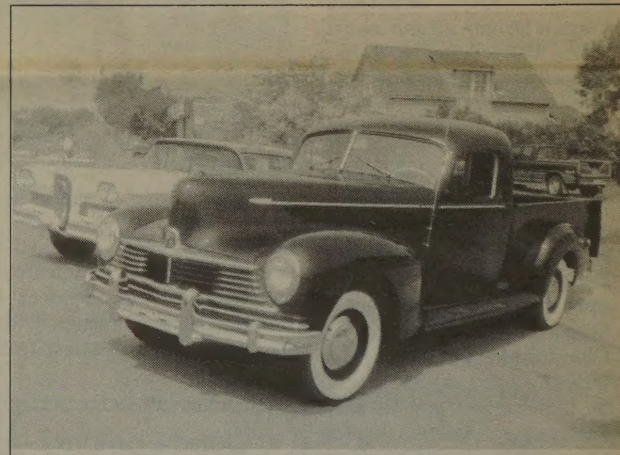

It finally dawned on us that nobody was going to call because nobody knew they COULD call. So we got on the phone and called everyone we could think of. You'd be surprised how many people aren't available on Wednesday afternoon.

We waited in vain for our first phone call all that afternoon. When the phone finally did ring, at ten to six, we were so startled, we jumped three feet out of our chair and our pen flew halfway across the room. However, the heart palpitations have now subsided, so feel free to phone us any time you have inquiries to make (or just to chat). Our new number is: 724-2210.

Memory - Monuments or motivation?

By Pastor Jim MacLellan

Elk Point Baptist Church

Spirituality is one of those words that could possibly be called an "enigma wrapped up in a mystery." Or as another profound thinker might suggest: "a content-less word." Some speak of spirituality as culture. Others use spirituality in relation to a church. To others, spirituality comes within a package of esoteric ideas, with little substance or understanding. You may explain spirituality in terms of anything unexplainable.

Spirituality in a Biblical sense includes many of these ideas, but primarily, spirituality is a complexity of past, lived out in the present, with hope for the future. For instance, the spiritual person is one who has correctly evaluated the past. He or she is also experiencing a daily and mystical power for living, today; and, the spiritual person also exudes hope for the future.

As we focus on the theme this year: Taking Time To Remember, it is the aspect of history that is the focus of this article. It is this history, this past that bears tremendously upon the degree of spirituality both today and for tomorrow. The spiritual person will concede that there is strength in history, thus, experience is essential to our spirituality.

G> Earnest Wright has said that "Christianity among the religions seems to be the only one that takes history seriously..." Christians are called to remember their God. Christians are called to remember promises, remember broken promises, remember Christ, remember the Sabbath, remember our fellow man, remember... remember...

Obviously, like many tools,

our memory can be used for unproductive exercises. As a preacher, it is to my dismay that some remember the length of the sermon with more ease than its content! Other memories can bring up old methodology, old squabbles, old feelings of guilt and remorse, etc. Memory can be a means of denying the present, avoiding the future. Memory can be a Pandora's box.

How can our remembrance turn our memories into meaningful experiences? I believe Christian spirituality provides for us this foundation. Let me encourage you to remember...

REMEMBER your Creator. As seniors approach the end of temporal life and peek into the eternal, your life speaks out loudly to all that there was a beginning. To have an end, demands a beginning. This beginning is sourced in One who is the Uncaused Cause of the Universe. This same God that spoke creation into being, with design and purpose is your Creator. When present realities of purpose become faded and hard to grasp, it is good to pause and remember your Creator who has brought purpose to your past.

REMEMBER your benefits. Models and solutions from the past can help us today. The wisdom of Solomon states that "there is nothing new under the sun." Often the graciousness of God in your history, and the means of meeting those past problems can bring perspective to your present situation. This sense of spirituality can bring peace and hope, today. The grace of the eternal God is the same as yesterday for you today.

REMEMBER your Redeemer. The Christian Communion ritual teaches us

that "we remember the Lord's death until He comes." Christ's death 2000 years ago was not simply a deposit in history, but a provision for your NOW and your TOMORROW. The Cross, for the Christian, becomes an instrument of death that declares past sin, broken relationships, regret and guilt — DEAD!

REMEMBER the Church. God has placed beloved symbols throughout our experience to help remember. Some of us have small tokens given to us by relatives. Others of us keep pictures. The Church, the institution that many "love to hate" is God's symbol to remember. This same structure that modern man would tear down is the structure that many would accredit to their early "values clarification" training. The Church has provided the structure that ensured that family needs were met, where there was joy in one's vows; and true sorrow in the loss of a loved one. This same "structure" of wood and brick, has been used of God to structure many lives of eternal worth.

"Memory", someone has said, "is a treasurer to whom we must give funds, if we would draw the assistance of need." Many of you can draw great wealth from your memories of God, His goodness, His salvation and His church. Spirituality that brings life today and hope for tomorrow is one that is based in a personal redemptive experience found only in Jesus Christ, God's Son. The Good News is that this history can begin for you today if it is not found in your yesterday — and will continue to your tomorrow.

Do you suffer from painful toenails?

Very few problems can be as simple and as aggravating as painful toenails. They can literally make every step a painful one. As we get older our toenails become thicker, dryer, and often very brittle. They can become painful, ingrown, infected, and may lead to more serious conditions. This makes caring for them very difficult, often requiring medical attention.

Fortunately, if medical attention is required, the solutions are usually very simple. Ranging from simple thinning of the toenail to removal of portions of the toenail, or the entire toenail. Occasionally medications may be all that is necessary to control and correct the problem.

It is wise not to apply over the counter toenail remedies to your feet. Particularly those remedies that say they cure fungus nails, or remove nail tissue. Ingrown toenail removers can also be dangerous to use. Especially if you are older, have diabetes, or have circulation problems.

The best advice for anyone with toenail problems is to keep them trimmed appropriately. Watch for areas of redness and drainage. If problems appear, seek treatment quickly. Prevention and early treatment can truly save you a great deal of pain and may even help save you from serious medical problems.

What's news at the library?

Library Board looking for more members

By Michele Ducek
Librarian

The Elk Point Public Library Board is looking for more members. The board meets once a month and provides guidance and support for library staff (namely me). The meetings are usually short (sometimes less than one hour) and held on the first Tuesday of each month, except for the summer break. If you have thought about becoming more involved in supporting the library, this is an excellent opportunity. Anyone interested can inquire at the Town Office for further details or contact me at the library.

The library is accepting registrations for the summer reading program, READ AROUND THE WORLD. Our journey begins July 4th and 6th at 10:30 a.m.

At the beginning of the year I set a goal for myself and my student workers that we would process at least 10 donations per week and put them on the shelves. We are ahead of our goal and some of our recent additions include:

The Isis Pedlar by Monica Hughes. Michael Joseph Flynn has a devious plan to cheat and corrupt the inhabitants of the planet Isis. Only his daughter, Moira, can stop him. Look for this book in the Juvenile paperbacks.

In adult paperbacks we have: **The Game** by Brenda Joyce. A convent-bred young woman falls into the clutches of an Irish pirate captain.

The Tea Planter's Bride by Rosemary Rogers. A young woman is torn between the man she is engaged to and the

man who has her heart.

In the Presence of Enemies by William J. Coughlin. Jake Martin's marriage is in tatters and his career rests on winning one case, the challenge of the will of a very rich and powerful man.

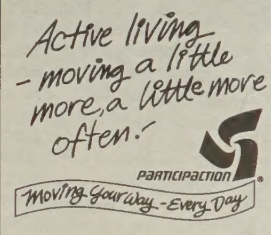

Finnegan's Week by Joseph Wambough. Thrice divorced Fin Finnegan is on the verge of a midlife meltdown. His routine truck theft case just got a whole lot more complicated and there is not one, but two strong willed women investigating.

LIBRARY CALENDAR
Saturday, July 1 - The library will be closed for the Canada Day holiday.

Sunday, July 2 - The Friends of the Library have an evening bingo. Anyone who can work this bingo can sign up at the library.

Friday mornings - 10:30 a.m. - Storytime will hold its year end party on June 24. There will be a storytime on June 30th as well.

Heritage Tourism assessment underway

The Bi-Provincial Heritage Tourism assessment is underway. Communities across a region stretching from Elk Point in the west to Frenchman Butte, SK in the east have added their commitments to grants from both Alberta's Historical Resources Foundation and Saskatchewan's Heritage Foundation to fund a feasibility study for the protection and development of sites associated with the 1885 Northwest Rebellion. Bob Hendriks of Heinsburg, chairman of the Bi-Provincial Heritage Tourism Steering Committee, said it was "gratifying to see the response, both in moral and financial support" from the communities.

The feasibility study will be undertaken by consultant Andy Hanna, management consultant Cliff Hanson, and historian Joan Champ, all of Saskatoon.

The process will involve four phases. The first, now underway, involves compiling information from the communities in the study area, and creating base maps.

Second will come background research, including documenting the chronology, and creating a story line and historical context. Ms Champ noted that the traditional focus has been on the Metis rebellion, but at the same time, there was a separate struggle for the Indian people, who were coping with starvation and the changes in their lives as they were moved onto reserves. Along with this step comes an infrastructure stocktaking. "It's important that we know what's out there" to attract tourists and facilitate cross-

promotion, Hanna told the steering committee.

A preliminary market analysis will also be done to determine potential market. Hanson said that after finding out about complementary attractions and resources, they will look at what has been done, and what has worked in other areas.

Step 3 will involve site and resource evaluation with a "field reconnaissance" circuit of the sites to get a "first hand feel of what they have to offer," Hanna said. The consultants will also meet with community representatives at that time and will bring their preliminary research for confirmation and attempt to determine what interest there is in the communities regarding development of the sites. Sites will be evaluated as to their significance in

the rebellion, and the options available for facility development, prior to ranking.

The fourth and final step is creation of a development strategy. Hanna feels the collection of sites "could tell a very interesting story." The report will be submitted in draft form to the committee for their input

at that point, with a final report scheduled for early October.

The results of the study are to be used in future plans to assure that what Frenchman Butte history buff Edgar Mapletto calls "Canada's greatest war since confederation" will at last get its well deserved recognition.
